To Lovers of Garden Sculpture

The recent exhibition of Garden and Decorative Sculpture, held at the Gorham Galleries, was a convincing demonstration of the existing desire for works of art of this character on the part of the discriminating public. It also brought out the fact that lovers of Garden Sculpture were unaware that our native American Sculptors had attained such skill and proficiency in this fascinating branch of decorative art.

Having acquired all the training and inspiration that the ateliers of the Old World could give, our native artists have evolved a new school of American Decorative Art which completely comprehends and harmonizes with American decorative needs.

The Gorham Galleries, sensing this new development, have fostered and encouraged it and are now prepared to extend to lovers of garden sculpture, expert service in solving garden and decorative sculpture problems.

For many years the Gorham Galleries have been in close touch with landscape artists and owners of country estates, and the experience acquired in suggesting and planning the sculptural details for gardens is now at the command of their patrons.
